#### **The Way Ahead - Volunteers required**

This is a League of Jewish Women initiative, where volunteers provide a service offering scarves and head wear for women losing their hair following chemotherapy. After several successful years at Kingston Hospital, Margaret Morris and her team of three volunteers have been invited to extend their service to St George's Hospital and more volunteers are needed. The sessions are held on one Friday morning a month, for approx 3 hours, and training will be given. Please contact Margaret on 020 8393 9374 [jackm@talktalk.net](mailto:jackm@talktalk.net) (For a slightly glamourised version of their session, look on U-Tube and put in 'The Way Ahead Scarf Tying Workshop'. This was filmed last summer at Kingston Hospital at the request of Macmillan Cancer Support).
